ARTE FIERA BOLOGNA 2024

international exhibition of modern and contemporary art

Galleria Umberto di Marino, Hall 25 Stand B8

At this edition of Arte Fiera, Umberto di Marino gallery exhibit two versions of **Hand**, photographic prints made in 2023 on the occasion of the exhibition for SUTURA (Turin). The fabrics have light, semi-transparent surfaces that evoke the idea of a skin, of a boundary between inside and outside. Through post-production work, each palm is the result of the overlapping of different hands and lines of the IFT (Istituto Fisioterapico di Torino) staff. This work connects the intimacy of the individual and the identity of a community.
